

SAVEDROID TOKEN SALE

CRYPTOCURRENCIES FOR EVERYONE – JOIN THE REVOLUTION NOW!

OUR VISION: CRYPTOCURRENCIES FOR EVERYONE

savedroid democratizes cryptocurrencies: savedroid creates a unique AI-fueled ecosystem of crypto saving and investing for the masses. Users profit from easy access to smart Bitcoin, Ethereum, Bitcoin Cash, Ripple, Litecoin, IOTA, Dash, Stellar etc. **savings plans, and superior crypto investment opportunities**, such as portfolios, futures, and ICOs, **without** any technological **adoption barriers**. savedroid leverages its **existing core assets** of self-learning **AI technology** and great **User Experience**, based on maximum **simplification** and emotional **gamification**, to deliver this exceptional value proposition. We are the **1st German ICO driving crypto inclusion**. Join us in making the crypto world accessible for the masses. **Give power to the people!**

OUR ROADMAP: BRINGING CRYPTOCURRENCIES TO THE MASSES

-  **2015** savedroid founded
-  **2016** Selection for Deutsche Börse FinTech Hub, seed financing, Wirecard partnership, launch of Android and iOS mobile apps and AI algorithm, 50K+ app downloads
-  **2017** Upgrade to self-learning AI algorithm, launch of spend optimization, growth financing, 200K+ app downloads, 10M+ savings transactions
-  **2018** Self-learning AI algorithm enabling convenient cryptosaving in Bitcoin, Ethereum, Bitcoin Cash, Ripple, Litecoin, IOTA, Dash, Stellar etc., providing easy access without technological barriers
-  **2019** Self-learning AI algorithm enabling smart saving and spending in and across cryptocurrencies, providing hassle-free crypto switching and payments
-  **2020** Self-learning AI algorithm enabling smart investments in cryptocurrency portfolios, futures, and ICOs, providing cost-efficient and diversified returns

THIS IS SAVEDROID: SAVE FOR HAPPINESS

We are an **award-winning German FinTech specialized in AI saving technology**. savedroid's AI enables users to automatically save up for their wishes without thinking about saving. Since the launch of our mobile apps in 2016, we have built a strong track record in **state of the art user experience based on simplification and gamification**. savedroid is organized as a **stock corporation** and has **raised €3m+** in equity from renowned investors. We are part of **Deutsche Börse's FinTech Hub and Venture Network** and collaborate with various **prestigious B2B partners**. In fact, savedroid is the **first ICO** of a German stock corporation **that follows German legislation and regulation** to provide participants with the highest level of security.

THE SAVEDROID TOKEN

We create a **utility token with a deflation mechanism as suggested by Vitalik Buterin**. savedroid tokens can be used to purchase crypto services within the savedroid ecosystem. Once tokens have been used for a purchase, we will burn a percentage of these tokens (i.e., deflation) to support the future value increase of the savedroid token. Also, the savedroid token (ticker symbol SVD) will be listed at token exchanges for trading.

TOKEN SALE

Sold out in 7 hours!
